Shahid Beheshti University, Tehran, Iran — Ranked 1st in the bachelor's cohort, with an average of 18.86 (out of 20).

Fieldwork

2024

Tappe Sialk, Kashan

Archaeological mission — third chapter of the third phase of the Sialk revision plan. Team member and photographer. Dir. J. Nokandeh and J. Hoseinzadeh Sadati.

2024

Rashkan Castle, Rey

Geophysical mission. Team member. Dir. K. Mohammadkhani.

2024

Tape Cheshme-Ali, Rey

Archaeological mission — first season. Team member and photographer. Dir. H. Valipour.

2023

Ancient Nishapur, Nishapur

Geophysical mission. Team member. Dir. K. Mohammadkhani.

2022

Ultan Citadel, Moghan Plain

Geophysical mission. Team member. Dir. K. Mohammadkhani.

2022

Firouzabad-Gour, Firouzabad

Geophysical mission. Team member. Dir. K. Mohammadkhani, P. F. Callieri and A. Askari Chaverdi.

Training

2022–2024 — Remote sensing in geography, geology and archaeology (four semesters) — Faculty of Geosciences, Shahid Beheshti University

2023	Mapping geomorphology for archaeological use (four-month workshop) — Faculty of Geosciences, Shahid Beheshti University
2023	Digital processing of satellite images (four-month workshop) — University of Tehran
2023	Osteology in archaeology (one-week workshop) — University of Tehran
2022	Introduction to paleoclimatology (four-month workshop) — University of Tehran
2022	Drawing with SketchUp (three-day workshop) — Department of Archaeology, Shahid Beheshti University
2021	Geographic Information Systems for archaeology (one-month workshop) — Faculty of Geosciences, Shahid Beheshti University
2021	Archaeobotany (one-week workshop) — University of Tehran
2020	Principles of GIS; GIS for archaeology and geography; GIS in archaeology (workshops, 1–4 months) — Shahid Beheshti University
2020	Principles of remote sensing, principles of hydrology, Iran’s geomorphology and geomorphology in archaeology (four-month workshops each) — Faculty of Geosciences, Shahid Beheshti University
2020	Archaeobotany (one-week workshop) — Tarbiat Modares University

Teaching

Teaching Assistant, Department of Archaeology, Shahid Beheshti University (2024–present):

- Introduction to Archaeology
- Archaeology of Iran — Achaemenid Period
- Field Archaeology: Practical Training in Excavation and Survey Methods
- The Usage of Software in Archaeology
- The Usage of Sciences in Archaeology

Publications

Hasti Alitab & K. Mohammadkhani (2026). *Bibliography of Articles on Iranian Archaeology: A Bibliographic Index of Archaeological Articles Published in Iranian Journals, 1959–2025.* Tehran: Nashr-e Tarikh-e Iran. 635 pp. ISBN 978-622-4995-13-1.

Skills

Spatial & remote sensing

Google Earth	Expert
Universal Map Downloader	Expert
ArcGIS	Experienced
Global Mapper	Experienced
Agisoft	Experienced
ENVI	Beginner

Documentation & design

Adobe Photoshop	Expert
AutoCAD	Experienced
SketchUp	Beginner
Adobe Illustrator	Beginner
Microsoft Office	Expert

Research practice

Research	Expert
Report writing	
Photography and documentation	
Teamwork and communication
